

THURSDAY
November
28th, 2019

PRELIMINARY PROGRAM

FRIDAY
November
29th, 2019

TIME TOPICS

12:30/14:00 *Welcome Lunch*

14:05 / 14:15 *Opening of the Seminar*

SESSION 1 REGULATION AND VALIDATIONS

14:15 / 14:35 *Regulation and Alternative Methods to Animal Testing : Current status and perspectives*

14:35 / 14:55 *Phototoxicity : Recent advancements of a 3D model based assay*

14:55 / 15:15 *Genotoxicity on 3D models : New Developments on the EpiSkin model*

15:15 / 15h35 *Skin Sensitization with 3D models : myth or reality ?*

15:35 / 15:55 *Consistency and robustness of 3D models : LDS validation study*

15:55 / 16:30 *Medical Devices : ISO moves to Alternatives*

16:30 / 16:50 *Coffee break*

SESSION 2 BEYOND VALIDATION - Part I

16:50/17:10 *Eye irritation TG 492. What else ?*

17:10 / 17:30 *HCE : A toolbox for Cosmetic and Pharma Research*

17:30 / 17:50 *Q & A to the speakers*

17:50 *End of Day One*

19:00 / 22:00 *Let's Enjoy Lyon / Social Event*

TIME TOPICS

08:30 /09:00 *Welcome Coffee*

SESSION 2 BEYOND VALIDATION - Part II

09:00 / 09:20 *RHPE : new characterization and multiple uses*

09:40 / 10:00 *Wound Healing : how a 3D model can help*

10:00 / 10:20 *Skin MicroBiome : a new frontier ?*

10:20 / 11:00 *Coffee break*

SESSION 3 INNOVATION

11:00/11:20 *How the CMM technology is widening 3D models capabilities*

11:20 / 12:00 *Recent Advances in Epidermal Stem Cells*

12:00 / 12:30 *Bio Printing : 3D model 2.0 ?*

12:30 / 12:45 *Q & A to the speakers*

12:45 *End of Seminar*

12:45 / 14:00 *Farewell lunch*

2nd EPISKIN INTERNATIONAL SEMINAR

on Safety and Efficacy applications of 3D human tissue models as alternatives to Animal Testing
